

## Manufacturer Declaration

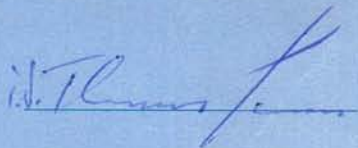

### Siemens AG Industry Sector Building Technologies Division

Product: Burner Management System LMV5...  
Approval: EN298/EN230/12067-2  
Application: Burner control for gas and oil firing systems with integrated air-fuel ratio control

Burner Management System LMV5... is dedicated for use in safety relevant systems up to SIL3. The suitability within a subsystem has to be evaluated in connection with various linked components.

Parameter as per IEC61508:  $PFH_D = \lambda_D = 2.2 \cdot 10^{-8}$
